

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director
Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

30 Day Public Notice Report

Application # : FW-24354

Stream : Bull Run

Applicant : Landmark Engineering Corporation
Brad E. Hensley, P.E.
7808 West 103rd Street
Palos Hills, IL 60465-1529

Description : A new bridge will be constructed over Bull Run to carry the extension of Hedwig Drive across the ditch. The new structure will be a single span concrete deck Contech archway bridge with span length of 50'. The structure will have a clear roadway width of 45'. The abutments will be perpendicular to the streamflow and the wingwalls will be at 45° to the streamflow. The approach for Hedwig Drive will be elevated to an elevation of 679.91 (NAVD88) which will provide a minimum freeboard above the base flood elevation of 1.5' at the crown of the archway structure (low chord elevation 676.50 NAVD88) and 0.5' (elevation 675.50 NAVD88) at the end of the archway at the abutment. Details of the project are contained in information received electronically at the Division of Water on May 29, 2007 and in plans and information received at the Division of Water on

Location : The proposed crossing of Bull Run will be at the intersection of Bull Run and the extension of Hedwig Drive approximately 1/4mile south/southeast of the intersection of Bull Run and Olcott Avenue

30 Day Public Notice Report

Application # : FW-24355

Stream : Unnamed Tributary
Kankakee River

Applicant : BP Pipelines (North America) Inc
Michael Breidenbach
28100 Torch Parkway
Mail Code 665K
Warrenville, IL 60555-3938

Description : A 35' x 35' Ecoflex Articulating Grout Mat, consisting of woven polyester cables pumped full of a sand cement mixture, over filter fabric will be used to cover an existing, exposed 8" diameter pipeline. Prior to placing the filter fabric and grout mat, the pipeline will be covered with a rock shield. The project will include the cutting and contouring of the project area to an acceptable slope. Details of the project are contained in information received electronically at the Division of Water on May 29, 2007 and in plans and information received at the Division of Water on

Location : Approx. 200 yds North of the intersection of E217th Avenue and Clay Street.
Exposure is located on the west side of the road in the drainage ditch.

30 Day Public Notice Report

Application # : PL-20741

Lake : Tippecanoe Lake

Applicant : Thomas Allen
79 EMS T49 A
Syracuse, IN 46965-7752

Description : An existing concrete seawall will be refaced across 100' of the applicant's frontage. The reface layer will consist of steel sheet piling which will be installed a maximum of 6" lakeward of the toe of the existing seawall. Concrete will be poured between the concrete seawall and steel reface layer for additional support. Details of the project are contained in information and plans received at the Division of Water on May 15, 2007 and May 30, 2007.

Location : 79 EMS Lane T49A
near Leesburg, Tippecanoe Township, Kosciusko County
